## Introduction

Co-op Academy Priesthorpe (the academy) is part of The Co-op Academies Trust (the Trust). The Trust is the admissions authority for the Academy and is therefore responsible for ensuring that these arrangements are compliant with the Admissions Code 2021.

This document aims to provide information on how to apply for a place at the academy, how places are allocated, and how to appeal against a decision not to offer your child a place.

This document is based on the following documents from the Department for Education:

- School Admissions Code 2021
- School Admission Appeals Code

As an academy, the school is required by its funding agreement to comply with these codes, and with the law relating to admissions as set out in the School Standards and Framework Act 1998.

## Consultation

These arrangements were consulted on between 17th December 2021 and 31st January 2022. During this consultation, we asked for feedback from governors, parents, staff, the local authority, neighbouring local authorities, and other key stakeholders.

In-line with the requirements set out in the Admissions Code, unless any changes are made in the interim, these arrangements will next be consulted on in December 2028.

## Education, Health and Care Plan

All children whose Education, Health and Care Plan (EHCP) names the school must be admitted. These children will be admitted ahead of any oversubscription criteria being applied.

# How to Apply for a Place

The next section of the document is separated into the following sections:

- Year 7 Admissions
- In-year Admissions for years 7-11
- Sixth Form Admissions

## Year 7 Admissions

### General Information

Our Published Admissions Number (PAN) is 225.

This means that we admit 225 children into Year 7 each year.

### Application Forms

Our academy is part of Leeds City Council coordinated admissions process, and as such, allocation of places for Year 7 is completed by them according to the criteria set out below.

**All parents/carers are required to apply to their home Local Authority (LA) regardless of where the academy they are applying for is situated.**

For example, Leeds residents will apply to Leeds City Council, whilst Bradford residents will apply to Bradford City Council. The LA will liaise with other Admissions Authorities in Bradford and other LAs where required. The home local authority will inform parents/carers in writing of the outcome of their application on 1st March or the next working day.

Information on how to apply can be found here:

[Leeds City Council](#)

[Bradford City Council](#)

If you live in another area, find your local council [here](#)

All children with an Education, Health and Care Plan (EHCP) that names our academy will automatically be given a place before any other applications are considered.

### Late Admissions

If you apply after the national closing date (usually early November each year), we cannot guarantee to consider your preferences at the same time as those received on time. For applications submitted or changed after the national closing date, we will follow any dates set by the home local authority in their coordination scheme.

## Oversubscription

If we receive more applications than the PAN, places will be allocated according to the following criteria:

### Priority 1 – Looked after and previously looked after children

A looked after child is defined as a child who is (one of the following):

- in the care of a local authority
- being provided with accommodation by a local authority's social services (see the definition in Section 22(1) of the Children Act 1989)

A previously looked after child is any child who was previously looked after but stopped being so because they were (one of the following):

- adopted, including those adopted from state care outside of England
- became subject to a Special Guardianship order
- became subject to a Child Arrangements Order

You must submit evidence of your child's previously looked after status (a copy of the court order or adoption birth certificate and evidence of being in local authority care or a letter from the state) with your application.

### Priority 2 – Children with exceptional social or medical needs that can only be met at our school

This priority is a request for admission to our school because your child has exceptional needs that can only be met at our school. It must be supported by professional evidence.

All schools in Leeds have experience of supporting a wide range of social and medical needs. However, in exceptional cases, there may be compelling reasons why a child needs to attend one specific school. This priority can be requested in these cases, and applicants will need to clearly demonstrate the connection between your child's need, the specific school and how that school can meet your child's needs in a way that no other school can. It must be supported by professional evidence. Our Academy Governing Council will review your request for this priority. Cases will be considered individually.

A request would not be granted where a parent wishes for their child to attend a school based on the child's abilities, because their friends attend the school or due to childcare arrangements. Any request for this priority must outline why the child's circumstances are exceptional, and why only one school is suitable.

You can find out more about this priority on the City Council's ['check if you need to submit extra information'](#) page.

You must provide the following information with your application:

- your child's name, date of birth and address
- the name of the one school you are requesting this priority for
- what precise support your child requires due to their specific needs
- why only this school can provide the support needed to meet your child's needs and no other can
- what extra support or funding your child currently receives
- you must attach supporting evidence from an independent professional, such as a medical specialist, which confirms exactly what your child's needs are and why, in their view, only one school can meet that need. Without this evidence, your child's needs cannot be considered

### Priority 3 – Children who have a brother or sister attending the school

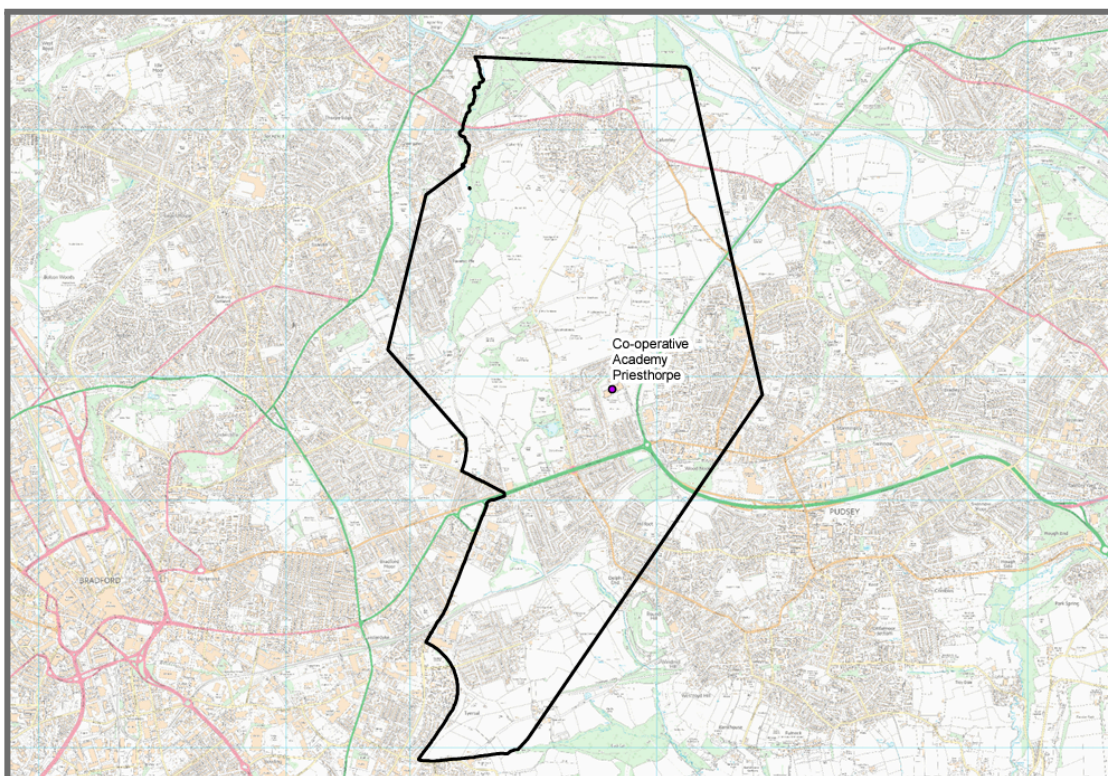

To get this priority, the sibling must:

- live the same address as the child applying
- still go to the school when the child applying starts (in September)
- be a full, half, step, or foster sibling (this priority does not include cousins or other family members sharing a house)
- If an older sibling is attending sixth form, they must have been going to the school in Year 11 to be considered as a sibling in this priority.

### Priority 4 – Children who live in the catchment priority area for the school

- [check your address to see if it is in the catchment area](#)

The map below shows our catchment area.

If you live in the catchment area your application will receive a higher priority at that school than applicants who live outside the catchment area. Living in the catchment area does not guarantee a place at the school.

## Priority 5 – other children, by straight line distance

If none of the other priorities apply, your application will be considered under this priority.

### Tie Breaker

In any priority, if multiple children meet the same priority but there are not enough places left for all of them, the places will be allocated based on distance from our school. For example, if there are 4 places remaining at our school and 5 children all live in the priority catchment area, the 4 priority catchment children living closest to the school will be allocated those places.

We use a straight line distance system provided by Leeds City Council admission team. The program measures the straight line distance from a defined point on the main school building to a defined point on your home address.

The point we measure to at your home address is set by the Local Land and Property Gazetteer (LLPG), which provides coordinates for every property. If we are not able to match your address with the LLPG then we will identify a point at the centre of your home.

If two or more children live exactly the same distance from our school (i.e. in a block of flats) and there are not enough places for both, we will draw lots. This will be witnessed by an independent person.

We will not draw lots for twins or other multiple birth siblings from the same family. Where they are tied for the final place, we will admit them all, exceeding the Published Admissions Number for our school.

Our school has a Published Admissions Number (PAN) of 225. This is the number of places we can admit into year 7 in September.

### Waiting List

We hold a waiting list after national offer day. How to add your child to a waiting list will be explained in the offer or decision letter you are sent.

If your child is added to a waiting list after offer day and a place becomes available before the new school year starts, the Local Authority will automatically allocate the place at your higher preference school and automatically withdraw the place at a lower preference school to give it to another child, even if you have accepted that place.

We hold waiting lists for all the year groups as follows:

- Your child's place on a list is decided by the oversubscription criteria in the school's admission policy (the rules for prioritising places)

- Each time a child is added or removed, the list is ranked again and your child can move down if another child meets higher criteria
- The waiting list will close at the end of the academic year (July). You must reapply for a new school place to be on the list the following year
- Looked after children, previously looked after children and those allocated a place at the school in accordance with a Fair Access Protocol take priority over those on a waiting list

## In-Year Admissions (Years 7-11)

### Application Process

You can apply for a place in any year group (7-11) at any time. This might happen because you are moving to the area and your child has already started school elsewhere, or because you feel our academy would be a better fit for your child.

You can contact us to find out if we have spaces in specific year groups before you apply. If we don't have space in the requested year group, you can still apply. If you apply for a place and there are currently no places available, your child's name will automatically be added to the waiting list. Your child's name will be kept on the waiting list until the end of the academic year.

To make an 'in-year' application for years 7 -11, you should complete an 'in-year' application form online via Leeds local authority (visit [Leeds.gov.uk/moveschools](https://www.leeds.gov.uk/moveschools)). You can apply for a place at multiple schools at the same time. Your application will be sent to all schools you have applied to at the same time.

Information on how to apply can be found here: [Leeds City Council](#)

The local authority will contact us directly regarding your application, and we will contact you in writing within 15 days to let you know the outcome of your application. Our Academy Governing Council is responsible for making decisions regarding in-year admissions.

Children with an EHCP that names our academy will be given a place regardless of whether the year group has spaces or whether there is a waiting list.

### In-Year Waiting List

The academy and its governors may decide to admit above the stated PAN in any year group, if the admittance of additional children does not prejudice the education of those children already in the academy, and as long as those admitted are done so in accordance with the oversubscription criteria shown in these admissions arrangements.

A waiting list for each year group is maintained by the academy in-line with the oversubscription criteria outlined above. If your child is not offered a place at our academy, your child's name will automatically be added to our waiting list. Your child's name will remain on the waiting list until

- A. You are offered a place at our academy,
- B. The waiting list closes (end of summer term),

C. You request, in writing, to be removed from the waiting list.

After the end of the academic year, you may re-apply for an in-year admission place for the following year. If no spaces are available at the time of application, you will be added to the in-year admissions waiting list for the appropriate year group.

- You will automatically be added to our in-year waiting list if you make an in-year application.
- Your child's place on our waiting list is decided by the oversubscription criteria listed above.
- Each time a child is added or removed, the waiting list is ranked again, and your child can move down if another child meets higher criteria.
- Looked after children, previously looked after children and those allocated a place at the school in accordance with a Fair Access Protocol take priority over those on a waiting list.

## Further Information

### Which address to use

When you apply you must use the child's permanent address, where they usually live with their parent(s) or carer(s). You must not use any other address on your application.

Using the address of a childminder, a relative or renting a property for a short period of time in order to secure a school place is considered as a fraudulent application. We will investigate all queries about addresses and could change the school place offer.

If we find out that an intentionally misleading or false address has been given to get a school place, the school place may be withdrawn even if the child has already started at the school.

Only one address can be used on your application for a school place, and this should be the address where the child lives for the majority of the week. In cases of equal shared care, both parents must agree which address will be used on the application.

### Admission of Children Outside Their Normal Age Group

Parents may seek a place for their child outside of their normal age group, for example, if the child is gifted and talented or has experienced problems such as ill health.

We will make decisions based on the circumstances of each case and in the best interests of the child concerned. This will include taking account of the parent's views; information about the child's academic, social, and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely. Our headteacher's views will also be considered in this decision making process.

If you wish to make an application for your child in these circumstances, please contact the school and arrange a meeting with the headteacher to discuss this further. Following this meeting we will

encourage you to apply for a place via the normal application process (via your home local authority) and we will work closely with them to carefully consider your application. Your application, regardless of whether your child is offered a place in their chronological year group or another year group, will be offered based on the criteria used for all applications (e.g. our oversubscription criteria).

Our Governing Academy Governing Council will consider each application individually and make a decision on the basis of the circumstances of the case and in the best interests of the child concerned.

Parents/Carers have a statutory right to appeal against the refusal of a place at a school for which they have applied. This right does not apply if they are offered a place at the school, but it is not in their preferred age group.

## Making an Appeal

If your child's application for a place at the school is unsuccessful, you will be informed why admission was refused and given information about the process for hearing appeals. Leeds City Council operates an appeals process for Co-op Academy Priesthorpe, full details of which are available [here](#).

Appeals submitted for a Year 7 place in the normal round will need to be received by Leeds City Council's deadline to guarantee being heard before the new school year starts.

You can find details of the school's appeals timetable on our website.

## Challenging behaviour

We will not refuse to admit a child on behavioural grounds in the normal admissions round or at any point in the normal year of entry. We may refuse admission in certain cases where the specific criteria listed in the School Admissions Code (paragraph 3.8) apply, i.e. where section 87 of the School Standards and Framework Act 1998 is engaged.

We may refuse admission for an in-year applicant for a year group that isn't the normal point of entry, only in such a case that we have good reason to believe that the child may display challenging behaviour that may adversely affect the provision we can offer. In this case, we will refer these pupils to the Fair Access Protocol. We will not refuse admission on these grounds to looked-after children, previously looked after children and children with EHC plans listing the school.

## Fair Access Protocol

All schools have an active role in admitting pupils under the Fair Access Protocol. The protocol operates outside the boundaries of the Admissions policy. It is a statutory requirement. The aim is to make sure the most vulnerable children are offered a place at a suitable school as quickly as possible, and that no school, including those with places, is asked to take a disproportionate number of vulnerable children.

More information can be found [here](#).
